OUTDOOR EDUCATION PROGRAMME

YEAR 11 CAMP 2016

Information Booklet for
Parents and Students
27 October 2015

From the Dean of Students

I am writing to inform you of the continuing Outdoor Education Programme for your son/daughter at Macarthur Anglican School. The Outdoor Education programme is integral to the curriculum and as such cannot be considered an optional extra. Each camp seeks to give students an opportunity to experience a temporary community where they can learn to co-exist and develop an ongoing relationship with each other in their peer group and with their teachers in a Christian context. It also allows them to face challenges they would not otherwise have and grow as individuals as a result.

Through participation in the Outdoor Education Programme students will be given an opportunity to develop and refine their skills in a wide range of activities. Such activities include Group Skills, Kayaking, Navigation, Surfing and Snorkelling. The Outdoor Education Programme rewards students who achieve across a number of outcomes and therefore become eligible to receive an award, beginning with the Camp Participation Award and culminating in The Macarthur Award of Outdoor Education.

The Year 11 Camp will be held from Monday 1 February 2016 to Friday 5 February 2016 and is based at Burrill Pines, Lagoon Point Conference Centre, which is situated in Burrill Lake on the South Coast. Further details about the programme can be found on the next page.

Your child's outdoor experience will include community service activities. The community service component of the camp will be conducted in collaboration with St Martin's Anglican Church and Bush Care.

Further information regarding the aims and objectives of Macarthur's Outdoor Education Programme can be found in the Student Diary. Please discuss the responsible behaviour expected during the camp with your child and the understanding also that any unreasonable damage to camp property will need to be paid for.

Please note a list of activities that each child will be taking part in during the Year 11 Programme and an equipment list are provided in this booklet.

Programme Descriptors

Outlined below is a brief description of the activities Year 11 will undertake during their camp. The activities are planned in such a way so that students begin or further develop particular skills as they progress through the sequential programme for Years 3 – 12. There is no expectation, however, that new students entering the School in 2016 will have participated in an Outdoor Education Programme and activities are planned accordingly.

For each activity undertaken a member of staff from Macarthur will be present as the overall co-ordinator and supervisor. Appropriately qualified instructors, provided by Anglican Youthworks, will undertake the instruction, safety briefing and specifics of the activities.

- **Surfing** – a qualified instructor will teach all students the basic principles and safety procedures of surfing.

- **Kayaking** – qualified instructors will revise basic safety procedures and strokes with all students. This will include teaching students a variety of rescue techniques. All students will be fitted with a Personal Flotation Device.

- **Challenge** – students will look at self-esteem issues such as coping with stress and handling peer pressure. This will contribute to the learning of personal character attributes such as leadership, communication and expression of feelings.

- **Navigation** – students will revise basic map reading skills, compass work and the operation of a GPS. They will also be taught finer points such contour map reading.

- **Snorkeling** – students will be taught by a qualified instructor during snorkeling sessions while at camp.

- **Community Service** – during camp all students will take part in a variety of community service projects. The community service activities completed at camp will contribute 20 hours needed of the 30 hours total to be completed by each student as require by the school.
