Outdoor Education Programme

Years 3-4 Camp 2016

Information Booklet for Parents and Students
November 2015

From the Headmaster

Junior School Camps will soon be upon us. At Macarthur we have a carefully planned, broad but focussed curriculum, an integral part being Outdoor Education.

The Outdoor Education Programme, co-ordinated for students in Year 3 to Year 6 by Mr Timothy Cartwright, is part of a sequential programme from Year 3 to Year 12. Part of this programme includes overnight stays and camping.

Our camps are at sites specifically established to give school children an outdoor experience. They have full and expert supervision from their own staff, augmented by Macarthur teachers. The programme for this camp will include bush skills, swimming, bushwalking, climbing, archery, rafting, initiative games and environmental studies. You will find enclosed a more detailed list of activities in which your child will be involved. While there is rigour in the programme, students are not expected to achieve beyond their ability, nor are they pushed to do so. However, students are given the skills and encouragement to meet challenges.

The Outdoor Education Programme rewards students who achieve across a number of outcomes and therefore become eligible to receive an award, beginning with the Camp Participation Award and culminating in The Macarthur Award of Outdoor Education in Year 12.

The camp activities for Years 3 and 4, which begin on Wednesday 24 February 2016 and conclude on Friday 26 February 2016 will be conducted by the Summit - Crusaders at Galston Gorge Conference Centre. Students will need to be at school at 8.15am on Wednesday and will return to school by 3.30pm on Friday.

I do not doubt that your child will have a rewarding time away with their school friends. I should mention that each year a few parents seek to ‘protect’ their child by finding excuses as to why he or she should not attend. Please refrain from doing this. The Outdoor Education Programme is not an optional extra at Macarthur, but rather a full part of the educational experience we offer, as was explained at the time of your enrolment interview.

Full details of the camp, including the equipment list can be found in this booklet. The Medical Form which has been posted is to be completed and returned to Student Reception in the Administration Centre by Friday 27 November 2016. The Parent Declaration Form should be completed via ParentPaperwork online.

A camp information session will be held on Thursday 18 February as part of the Year 3 and 4 ‘Meet the Teacher Evening’. During this time an opportunity for questions concerning details of the camping programme will be offered. Should you require further information before this evening, please contact Mr Cartwright on 4629 6237.

Programme Descriptors

Outlined below is a brief description of the activities Years 3 and 4 may undertake during their camp. The activities are planned in such a way so that students begin or further develop particular skills as they progress through the sequential programme for Years 3 – 12.

For each activity undertaken a member of staff from Macarthur will be present as the overall co-ordinator and supervisor. Appropriately qualified instructors, provided by Crusaders – Galston Gorge, will undertake the instruction, safety briefing and specifics of the activities.

• **Bush Skills** – Instructors will take the students through skills such as bush safety, simple bush cooking and understanding the bush environment.

• **Initiative activities** – students will take part in low-level activities that involve simple trust initiatives and safety spotting.

• **Swimming** – Students will be able to swim on site in a pool. Qualified instructors and teachers will supervise students.

• **Bushwalking** – Students will take part in a walk around the Galston Gorge Conference Centre and into the adjoining area.

• **Environmental Studies (Year 4 Only)** – Students will be instructed on the impact that humans and development have on the bush environment.

• **Climbing (Year 3 Only)** – students are introduced to harness activities by being challenged to complete a simple climb up a pole.

• **Archery (Year 3 Only)** – students learn how to fire arrows at our archery range.

• **Indoor Rock climbing (Year 4 Only)** – students are challenged to climb to the top of our 8m artificial wall.

• **Rafting (Year 4 Only)** – students work in teams to construct and float on rafts.

• **Mini-Olympics** – Students groups compete in a series of mini-Olympic events.
