Senior Student Study Support

Why Senior Student Study Support?
To provide an opportunity for intensive use of school facilities and access to some staff by students in Year 10, Year 11 and 12 outside normal school hours. These sessions should also assist students and their families by providing a supportive environment in which students are safe to undertake their examination and assignment preparation.

Who will supervise the sessions?
Members of the teaching staff will supervise the sessions.

What are the expectations of students?
Students will be expected to work individually or in small groups. While staff will provide support and encouragement, this is not intended as an opportunity for one-on-one tutoring.

Students will not be permitted to leave the area in which the session is being held after 4:15pm or prior to 7:30pm. Normal school rules will apply.

Students wishing to drive themselves and others to and from these sessions must have written approval from the Deputy Headmaster to drive and carry passengers.

Students found to be disrupting the work of others will be warned once. Should their actions continue, they will be removed from the programme. No payment will be reimbursed in such a case.

Use of internet and computers for non-academic purposes will not be permitted. Mobile phones must remain turned off throughout the sessions.

Students needing to leave early or arrive late will be expected to bring a note explaining their arrangements.

When will these sessions be held?
Sessions will be held in the Library. Sessions will begin at 4:00pm and continue to 7:30pm, with a 30-minute Dinner break between 6:00 and 6:30pm. Sessions will be held on Tuesday, Wednesday and Thursday evenings.

The Library will be available to all students as normal until 4:00pm each day.

What about meals?
Students may bring afternoon tea from home if they wish and will be provided with dinner each evening. To ensure that students are able to work effectively nourishing, balanced meals will be provided each evening. Students will not be permitted to order other food from outside the school at meal times.

What are the costs?
A cost of $15:00 per student per evening will be charged. Students will be expected to book in for particular evenings at the beginning of the term and their attendance on those evenings will be expected. When a student is absent from a session parents will be contacted unless the
student has been absent all day. All costs must be paid before students will be allowed to attend sessions.

Senior Study Support Programme
Application Form
